

I would like to voice my concern and opposition to 04-233 and ask that it not be considered an option. I listen to K-LOVE on 106.7 and feel 04-233 could eliminate that privilege. K-LOVE is listener supported and a valuable voice in the faith and Christian community. There seems to be precious little of positive and encouraging news and music that K-LOVE provides and it would be a travesty if a LPFM replaced the FM translator I listen to K-LOVE on. PLEASE don't allow this to occur! Thank you for your time.
